

**NEW LARGER DRESSING**  
AVAILABLE ON FP/GP10 PRESCRIPTION

# HidraWear

**HidraWear** is a unique Wearable Wound Care system for the management of moderate to high exuding wounds in difficult to dress areas in the axilla, groin and buttocks. Our **NEW** retention dressing combines reusable garments with a super absorbent dressing requiring no adhesive and is secured using our patented HidraHex technology.

Each garment utilises our patented HidraHex technology to enable patients to easily change their dressing day or night

**HidraWear retention garments are:**

- **Protective** - A clothing layer that have a fluid-repellent backing prevents external contamination of the wound and protects clothes and bed linen from exudate strike-through
- **Reusable** - Wash daily. Guaranteed for 90 washes or 6 months
- **Aero silk** - All HidraWear garments are made of a premium micro modal and elastane blended fabric that is soft and breathable. The garments keeps its shape, colour and softness, even after frequent washing
- Latex-free

**Retention Dressing System includes a washable garment and non adhesive super absorbent dressing**

### HidraWear Dressing

7.5cm x 12cm a highly absorbent dressing that locks away moisture from the wound whilst protecting clothing and bed-linen from exudate strike through. HidraHex Hook & Loop retention technology secures the dressing in place without use of any adhesives.
